

Never Surrender:

A New Breast Cancer Support Organization

DIGITAL Mammograms Are:

- * **FASTER**
 - * **75% Less Radiation per Exam**
 - * **LESS Uncomfortable**
 - * **MORE ACCURATE**
- Better images mean a better diagnosis.*

*Digital Mammograms find
87% of Breast Cancer vs.
only 55% for plain film!*

Never Surrender is a not for profit organization dedicated to the education, prevention, and support services for Breast Cancer patients, family, and community members. For more information on how you can help, please call us at 256-549-0008 or 256-835-0835.

Our radiologist's wife, Mary Hager, discovered during her own experience with breast cancer the limited resources available locally with this disease and Never Surrender is dedicated to filling as many of these gaps as possible.

Why We Relay

We Relay because it is one more way to fight cancer. We have lost loved ones and friends and watched other loved ones and friends suffer through this disease. We relay to remember those who have lost their battle and to honor those surviving today. We hope that the work we do with the Relay for Life (RFL) for the American Cancer Society will help find cures for cancer to allow the survivors to continue surviving and to keep others from having to go through the ugliness of this disease.

If you are interested in how you can get involved in either Calhoun or Etowah County RFL - call us @ 256-549-0008.

ADVANCED IMAGING

Better Patient Care—

Better Patient Convenience—

Less Wait Time

Just Ask Someone Who's Been There!

ONE PATIENT'S STORY

Our pediatrician referred us to Advanced Imaging of Gadsden. The service we received was incredible! We were able to receive the scan promptly, and within a matter of a few hours we had our results, which revealed a very large tumor. The staff of Advanced Imaging of Gadsden acted quickly in performing additional testing which gave a clearer view.

Although we completed treatment over two years ago, the staff has faithfully followed Alaina's treatment and progress. This is never the type of news a family is prepared to receive, but the competent and compassionate staff at Advanced Imaging was very reassuring. We are very blessed to have this facility in Gadsden!

Jeff and Jerri Atkins
